# OUR STORY

IT Managed Solutions (ITMS) specializes in IT services that help companies cost effectively simplify their IT strategy.

*Simply stated: We make technology work for you, at the lowest cost possible!*

We come to you with a combined 80 years' experience in the IT industry. Rest assured, we speak geek, but we also speak English.

Our approach is to provide comprehensive global IT services that are agile and cost effective, 24x7x365. That means you can count on us to be a knowledgeable IT partner that fits your budget and delivers services when you need it.

**We speak geek, but we also speak English.**

## **We understand your needs.**

We understand companies are under relentless pressure from customers to pick up the pace of product roll-outs and must adapt to ever shifting market changes and global expansion. It is vital that business and IT leaders sync their strategies to achieve the speed and agility required to meet these challenges while, at the same time, remain focused on the cost effectiveness of IT initiatives.

## ITMS can help you bridge this gap.

*You focus on your business. We focus on the IT stuff. It's that simple.*

We work directly with you to develop specialized product suites that best meet your current IT needs, while building in the agility required to expand your IT infrastructure as your customers' demands grow. We keep our finger on the IT industry's pulse so you don't have to.

*You focus on your business. We focus on the IT stuff. It's that simple.*
